

Power To Connect

Bridging the Digital Divide in Wandsworth

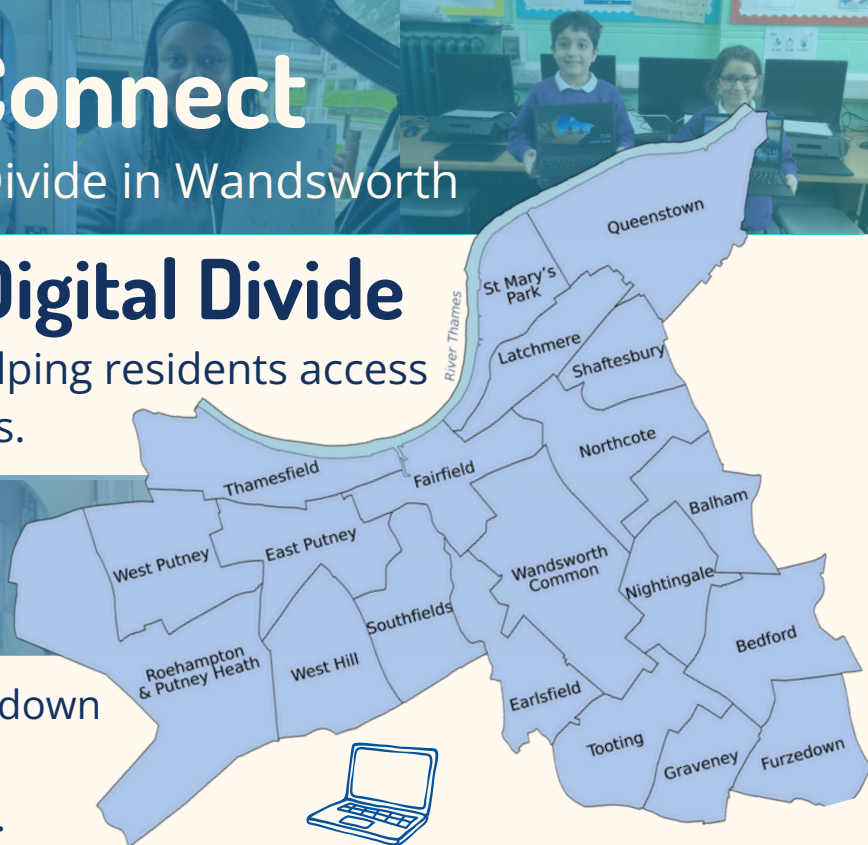

Understanding the Digital Divide

An award-winning local charity helping residents access devices, connectivity & digital skills.

Why Digital Inclusion Matters

In Wandsworth, Roehampton, Furzedown and Falconbrook score among the capital's highest for digital exclusion.

45% of families with children fall below the minimum digital living standard, lacking reliable devices, broadband, or digital skills.

Over 1 in 3 adults aged 65+ in the UK lack basic internet skills and 1 in 6 do not use the internet at all.

Consequences of Digital Exclusion

Our Approach

Power to Connect tackles digital exclusion by:

- ✓ Collecting, refurbishing & redistributing laptops, tablets & other devices
- ✓ Delivering free digital skills training for adults & families
- ✓ Partnering with schools, libraries & community organisations
- ✓ Promoting sustainability by reducing e-waste and giving devices a second life

Impact and Achievements

Large CO₂ reduction
through device
refurbishment

**4,500 devices
redistributed**
(5,000+
donated)

**500+
residents**
trained
annually

**150+ schools &
organisations**
supported

**“Having a device has been life-changing for our families.
It opens doors that were previously shut.”**

– Local School Head Teacher

Our Vision
